NATURAL GLASS CLEANER

CaliGreen – Natural Glass Cleaner

CaliGreen provides a worry-free cleaning solution for you and your family. The recipe is safe and gentle to the skin as proven through dermatological tests. It contains no synthetic colorants, perfumes, preservatives nor petrochemical ingredients and uses no nanotechnology or genetic engineering. Biodegradable.

Ingredients: <5% nonionic surfactants (saccharoidal vegetable surfactants).

Further ingredients: water, ethanol (vegetal alcohol), lactic acid. 100% of the ingredients are from natural origin.

Application: The optimal mixture of surfactants and alcohol together with water removes dirt effectively and you will have brilliance free of streaks. You can use it besides glass for other surfaces suitable for wet sweeping, plastic furniture and so on. Removes dust and finger prints on brilliant surfaces.

Direction for use: Ready to use, spray on the surface, wipe afterwards.

Exclusively distributed worldwide by: CaliVita® International
